4 次の各組の単語について、下線部の発音が異なるものを1つ選び、記号で答えなさい。

```
1 family
(1)
                                  ウ late
    ア fan
                                                 工 camera
                                                             (ウ)
                                  ウ heart
                                                             (ウ)
(2)
    ア work
                   √ bird
                                                 工 heard
                   √ <u>eig</u>ht
    7 change
(3)
                                  ウ wait
                                                    friend
                                                             (工)
                                                 工
(4)
                                  ウ bread
                                                    heavy
       meant
                   √ sea
                                                             ( \land )
                                                 工
                                    ウ station
(5)
    7 question 1 communication
                                                    vacation
                                                             ( T )
                                                工
       said
                   √ ready
                                                    head
                                                             ( <sup>)</sup>
(6)
                                  ウ easy
                                                 工
       helped
                                  ウ cooked
                                                    listened
                   √ washed
                                                             (工)
(7)
                                                 工
       <u>th</u>ought
                   √ ano<u>th</u>er
                                  ウ <u>th</u>rough
(8)
                                                    both
                                                             ( / )
                                                 工
```

イ Wednesday ウ desert

ウ **sure**

doctor

 (\land)

(エ)

工

5 各組の語のうち、下線部の発音がすべて同じ組を5つ選び、番号で答えなさい。

√ show

[6] 次の各単語の最も強く発音する部分を1つ選び、記号で答えなさい。

(15) No-vem-ber

(9)

(10)

day

ア sheet

ア

(1) with-out **(** ✓ (2) fa-mi-ly (ア) (3) news-pa-per (4) in-ter-est-ing (ア ア (5) al-read-y (6) ア (1 an-y-one com-put-er (7) im-por-tant (1 (8) 1) (9) to-ge-ther (10) béau-ti-ful ア (1 (12) pop-u-lar (1 ア (11)mu-se-um) hos-pi-tal (14) um-brel-la (ア (13)1
